Data.Insights.Decisions.

US Based Updates

Dec 02, 2025

FDA seizes 7-OH opioids to safeguard US consumers

The FDA, seized ~73,000 units ($1M value) of adulterated 7-OH opioid products from three Missouri firms due to their potent abuse potential and lack of safety standards.

Dec 15, 2025

FDA removes key obstacle to real-world evidence in drug/device reviews

FDA removes requirement for individual patient data in RWE for drug/device reviews, enabling use of de-identified big data sources like registries to speed approvals.

Jan 11, 2026

Flexible requirements for cell and gene therapies to advance innovation

- **Clinical Flexibilities:** Waives 21 CFR 211 pre-Ph 2/3 trials; enables lifecycle validation, permissive IND specs, and minor changes with comparability data
- **Commercial Specs:** Tailored release criteria for small CGT populations; post-approval revisions based on manufacturing quality data
- **Process Validation:** Allows concurrent PPQ lot release; flexible lot numbers justified by process knowledge
- **Overall Guidance:** Early FDA engagement for CGT and CMC (chemistry, manufacturing and control) amid rapid innovation

This slide is non-exhaustive. For additional details or clarifications, please feel free to contact us at bd@octavusconsulting.com

UPDATES

EU Based Updates

OCTAVUS CONSULTING
Data.Insights.Decisions.

Nov 13, 2025

Guideline on non-inferiority and equivalence comparisons in clinical trials

A revised guideline details how sponsors should design, conduct, analyze, and interpret non-inferiority and equivalence trials. It merges and supersedes prior advice on non-inferiority margins and superiority/non-inferiority switches, delivering a streamlined framework for study design and regulatory review

Dec 11, 2025

EMA welcomes political agreement on the reform of the EU pharmaceutical legislation

- **Landmark EU Pharma Reform:** EMA backs major consensus modernizing drug development/authorization/access (biggest in 20+ yrs)
- **Simplification:** CHMP/PRAC only, 180-day reviews, unlimited marketing authorizations, e-submissions
- **Innovation:** HTA advice, PRIME boost, sandboxes, personalized/pediatric frameworks
- **Shortages:** Early notifications, plans, critical list monitoring
- **AMR/Environment:** Risk assessments, antimicrobial rules
- **Next:** Formal approval, EMA guidance/webpage
