Convertible Note amount was undisclosed

Technology Mix

Modality Frequency

Others includes technologies with only 1 entry like ADC, digital health, vaccines, stem cells, Vector etc.

Strategic Investment Insights

- Oncology and Small molecules are the dominant strategic axes (each with 26 transactions)
- Phase I assets draw highest institutional participation - $1,095M across 12 count
- Series A structures lead all deal types ($1,1100M across 15 transactions) - Orbimed's public-market strategy
- Funding activity increased in 2025, with 67 transactions vs 56 in 2024; however, total funding value fell by ~19% to $5.3B Series
- Among OrbiMed's top five funded companies, largest capital allocation was directed toward Autoimmune & Inflammation assets across multiple financing rounds (Series A, B, C, D, & PIPE)

Note: Funding values for certain transactions were not publicly disclosed by the companies and have therefore been excluded from the dashboard

Period: January - December 2025
